Attestic B.V. has issued this conformity certificate to CIBG based on a full certification audit performed on all areas and processes.

The audit covered the audit criteria listed below (see "Audit Information"). CIBG has determined the requirements which were applicable for this audit in its Overview of Applicability, dated September 2025. CIBG has asserted compliance to all applicable requirements in its Statement of Applicability, dated 15 September 2025. This assertion was independently reviewed by Attestic Certification.

## AUDIT CONCLUSION

The result of the certification audit is that, based on the objective evidence collected during the certification audit for the period from 1 September 2024 through 31 August 2025, the areas assessed were generally found to be effective.

## STATEMENT ON THE ISSUANCE OF S/MIME CERTIFICATES:

Issuing CAs in scope of certification are technically capable of issuing S/MIME certificates. On the request of CIBG, we performed audit procedures to confirm that ETSI TS 119 411-6 V1.1.1 (2023-08) is not applicable. This is because from the CAs in scope of certification:

- We have not observed that S/MIME certificates have been issued in the audit period
- Controls are in place to prevent the issuance of S/MIME certificates.
