Attestic B.V. has issued this conformity certificate to Ministerie van Justitie en Veiligheid – Justitiële Informatiedienst (Justid) based on a full certification audit performed on all areas and processes.

The audit covered the audit criteria listed below (see “Audit Information”). Justid has determined the requirements which were applicable for this audit in its Overview of Applicability, dated 9 April 2025. Justid has asserted compliance to all applicable requirements in its Statement of Applicability, dated 9 April 2025. This assertion was independently reviewed by Attestic Certification.

AUDIT CONCLUSION

The result of the certification audit is that, based on the objective evidence collected during the certification audit for the period from 1 June 2024 through 31 May 2025, the areas assessed were generally found to be effective.

SCOPE: COMPONENT SERVICES

The scope of the audit comprised the following Trust Service Provider component services, performed under the responsibility of Politie:

Subcontractor	Service	Certificate No.	QR code
-	Certificate Generation Service (c)	-	-
-	Dissemination Service (c)	-	-
-	Revocation Management Service (p)	-	-
-	Certificate Status Service (c)	-	-

The TSP component services are carried out “completely” by Justid (marked with “c”), or carried out “partially” together with Politie as the contracting party (marked with “p”), under the ultimate responsibility of Justid.

The Registration Service has been removed from the scope of certification. The interpretation of the Registration Service function is nil on the part of Justid, because of the automated requests that are carried out entirely at the customer's premises.

These TSP component services are being provided for the following non-qualified trust services as defined in Regulation (EU) 910/2014 (eIDAS):

- Issuance of certificates for electronic signatures
